

MORNING APPEAL.

THURSDAY... OCTOBER 31

A BANKER'S SUGGESTION.

C. C. Bush, Vice-President of the Siasta County Bank, writes to San Francisco Bulletin relative the the resolutions of the American Bankers' Association regarding silver. He says the American Bankers' Association, so-called, is composed mostly of Eastern bankers, who time and again have expressed themselves in opposition to the coinage of silver and their resolutions go fourth to the country as the expression of the people on the silver question. Mr. Bush says: "Why not a convention be called of the Bankers of California, Oregon, Arizona, Washington, Idaho, Montana, Nevada, Utah, Colorado, Wyoming and New Mexico, to meet in San Francisco for the purpose of consulting together on the silver question and any other matters of interest to these sections, and by concert of action and unanimity of opinion let the world—and particularly Congress—know their opinion on the silver question? The silver question is only second in importance in these States and Territories to the irrigation question. Its unsettled state, unfriendly legislation and rulings of officials effect the laborer, mine-owner and capitalist materially. Enterprise are discouraged and the producer of silver bullion is defrauded of his just reward. It is not so much what is the value of silver, but shall the producer receive its value?"

"There should be a unity of action all along the silver belt and such action would strengthen the influence of members of Congress from these Western States."

SOUTH DAKOTA.

An actual State of famine is now prevailing in South Dakota. Over twenty thousand people are starving, and one case of cannibalism is reported. All the domestic animals have been killed for food, and the country is one barren waste appealing to the United States for help.

The railroad companies ought to transport provisions and clothes to these poor people free of charge, and the National Treasury ought to assist them without the red tape formula of passing a bill when Congress meets.

The next Congress should see that such a fund is set aside for such emergencies, to be used at the discretion of the Cabinet.

The people of Dakota need immediate relief to escape death from starvation.

Prince Murat has decided not to marry Miss Caldwell. She stuck a quantity of imperial crowns all over her wedding trousseau, which made her such a laughing stock in Paris that the Prince jumped the game. Prince Murat has no right to put an imperial crown on his coat of arms under any circumstances. Then when he heard that Hazfeldt had scooped Huntington for three millions he couldn't think of marrying for any less.

One of the girls in Ogden caught a clergyman around the neck and gave him a lip smack right on the mouth. Being on the public street the reverend gentleman made a kick, and the demonstrative damsel was hustled off to the police court and fined \$5.

Cheyenne Stock Journal:—San Francisco papers have expressed apprehension of a beef shortage on the Coast this Winter. Now, if a noise like that would come from East of the Mississippi river as well, how this middle country would smile.

Mrs. Charles Crocker who died recently in Sacramento is one of the few wealthy women on this Coast who has given liberally to charity. The institutions she has founded will stand a perpetual monument to her generosity.

Mark Boruck says that Atlas was the biggest highway robber ever known because he "held up the world." If he got away with it, he ought to begin to dry up with Boruck.

ADVICE TO MOTHERS. — Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle.
